The town's right of way is the area approximately 33 feet from the center of the road. Any question about the right of way, contact Chairman Marty Johnson. Cultivating or other damage to the ditches that disrupts the flow of water requiring the town to clean out the ditches will be charged to the property owner responsible for the damage.

### CONTROLLED BURNS

The burning of any structure in the Town of Poygan requires a burning permit issued by the Winneconne/Poygan Fire District. The Sheriff's department should also be notified of any controlled burns larger than the size of a campfire (brush, grass, etc.) The phone number to contact them at the start and end of the burn is 236-7300. Petroleum based products (tires, shingles, etc.) cannot be burned. Doing so can result in a fine from the Town of Poygan, the Department of Natural Resources or both.

### ANIMAL LAND AND BUILDING REQUIREMENTS

Winnebago County Land and Water Conservation permits are required for buildings that will house stable animals. Town Zoning Ordinances also require specific lot sizes for stable animals. Properties housing farm/stable animals must register their premise with the State of Wisconsin.

### SPRING CLEAN UP

As the snow melts and the sun starts to shine, we all have the desire to be outside. Ditches and public areas often gather debris over the course of the year. We would appreciate your help keeping our community clean and in picking up trash or debris when you see it.

### BRUSH CLEARING

A sixteen-foot right away and a four-foot overhead clearance are required for emergency vehicles to access a location. Locations for brush cutting are determined based upon the need in a specific area and budget availability.
